ABP-313064-22

The submissions on this file and the Inspector's report were considered at a Board meeting held on 12/07/2023.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the residential land use zoning of the site, the nature, scale and location of the proposed extension to the existing dwelling, and the provisions of the Dublin City Development Plan 2022-2028, it is considered that, subject to compliance with the conditions set out below, the development would not be overbearing or detract from the character of the area, unduly reduce privacy or result in adverse overshadowing of property in the vicinity or loss of daylight and sunlight including Nos. 29 and 31 Ravensdale Drive, or otherwise seriously injure the amenities of property in the vicinity of the site. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions.

Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to the commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The development shall be revised as follows:

- a) The dormer on the front facing roof plane shall have a maximum external width of 8 metres.
- b) The 2 no. windows on the gable of the side extension at first floor level shall be omitted from the development.

Development shall not commence until revised plans, drawings and particulars showing the above amendments have been submitted to, and agreed in writing by the Planning Authority, and such works shall be fully implemented prior to the occupation of the buildings.

Reason: To ensure a satisfactory standard of development and to protect adjoining residential amenity.

3. The external finishes of the proposed extension (including roof tiles/slates) shall be the same as those of the existing dwelling in respect of colour and texture.

Reason: In the interest of visual amenity.

4. Drainage arrangements, including attenuation and the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

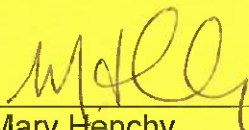

5. Site development and building works shall be carried out only between the hours of 0800 to 1800 Mondays to Fridays inclusive, 0800 to 1400 on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

6. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Board Member

Mary Henchy

Date: 13/07/2023
