The submissions on this file and the Inspector's report were considered at a Board meeting held on 11/12/2023

The Board determined, generally in accordance with the Inspector's recommendation, that, based on the information before it, the site was not a vacant site within the meaning of the Urban Regeneration and Housing Act, 2015, as amended, for the period concerned, as set out in the entry in the Vacant Sites Register, for the following reasons and considerations.

Reasons and Considerations

Having regard to:

- (a) The information placed before the Board by the Planning Authority in relation to the entry of the site on the Vacant Sites Register;
- (b) The grounds of appeal submitted by the appellant;
- (c) The report of the Inspector;
- (d) The site, or the majority of the site, was and is not idle due to ongoing construction and refurbishment works and that the moderately maintained condition of the site in the context of the surrounding area does not have adverse effects on the character of the area,

the Board considers that it is appropriate that a notice be issued to the planning authority who shall cancel the entry on the Vacant Sites Register.
