The submissions on this file and the Inspector's report were considered at a Board meeting held on 19/09/2023.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the pattern and character of development in the area, the design and scale of the proposed extension, the nature and extent of the refurbishment works to the existing dwelling, and the provisions of the Dun Laoghaire Rathdown County Development Plan 2022-2028, it is considered that, subject to compliance with the conditions set out below, the proposed development would be in accordance with the zoning objective (A – residential) for the site and would align with Policy PHP19 that aims to conserve and improve existing housing stock through supporting improvements and adaption, and with Section 12.3.7.1 (Design of extensions to dwellings) and Section 12.3.9 (Promote the retention and retrofit of dwellings), would not seriously injure the visual amenities of the area and would not adversely impact on the residential amenity of surrounding properties. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.
