REASONS AND CONSIDERATIONS

Having regard to:

- (i) the nature and scale of the development approved by An Bord Pleanála under Reference Number PL29S.PA0049,

- (ii) the examination of the environmental impact, including in relation to European Sites, carried out in the course of that application,
- (iii) the limited nature and scale of the proposed alterations, when considered in relation to the overall approved development,
- (iv) the absence of any new or additional environmental concerns of a material nature (including in relation to European Sites) arising as a result of the proposed alterations, and
- (v) the report of the Board's Inspector, which is adopted,

it is considered that the proposed alteration would not be material. In accordance with section 146B(3)(a) of the Planning and Development Act 2000, as amended, the Board hereby makes the said alteration.
