ABP-313833-22

The submissions on this file and the Inspector's report were considered at a Board meeting held on 04/09/2023.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the location of the site on zoned lands, and to the scale, form and layout of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity and would be acceptable in terms of pedestrian and traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Appropriate Assessment: Stage 1:

The Board considered the Natura Impact Statement submitted with the application, and all the other relevant submissions on file, and carried out an appropriate assessment in relation to the potential effects of the proposed development on the Mullet/Blacksod Bay Complex Special Area of Conservation (Site Code: 000470) and the Blacksod Bay/Broad Haven Special Protection Area (Site Code: 004037). The Board agreed with the screening assessment and conclusion carried out in the

Inspector's Report that the Mullet/Blacksod Bay Complex Special Area of Conservation (Site Code: 000470) and the Blacksod Bay/Broad Haven Special Protection Area (Site Code: 004037) are the only European Sites in respect of which the proposed development has the potential to have a significant effect in view of the Conservation Objectives for the sites and that Stage 2 Appropriate Assessment is, therefore, required.

Appropriate Assessment: Stage 2:

The Board considered the Natura Impact Statement, and all the other relevant submissions on file, and carried out an appropriate assessment of the implications of the proposed development on the Mullet/Blacksod Bay Complex Special Area of Conservation (Site Code: 000470) and the Blacksod Bay/Broad Haven Special Protection Area (Site Code: 004037) in view of the sites' Conservation Objectives. The Board considered that the information before it was sufficient to undertake a complete assessment of all aspects of the proposed development in relation to the sites' Conservation Objectives using the best scientific knowledge in the field. In completing the assessment, the Board considered, in particular, the following:

- (i) the site specific Conservation Objectives for the European Sites,
- (ii) the likely direct and indirect impacts arising from the proposed development, both individually or in combination with other plans or projects, and
- (iii) mitigation measures which are included as part of the current proposal.

In completing the appropriate assessment, the Board accepted and adopted the appropriate assessment carried out in the Inspector's Report in respect of the potential effects of the proposed development on the aforementioned European Sites.

In overall conclusion, the Board was satisfied that the proposed development would not adversely affect the integrity of the European Sites in view of the sites' Conservation Objectives and that there is no reasonable scientific doubt as to the absence of such effects.

Conditions

1. The proposed development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars received by the planning authority on the 29th day of April, 2022, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the proposed development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Prior to commencement of development, details of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to the planning authority for agreement.

Reason: In the interest of orderly development and in the interest of visual amenity.

3. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health and to ensure a proper standard of development.

4. The developer shall enter into water and/or wastewater connection agreement(s) with Uisce Eireann prior to commencement of development.

Reason: In the interest of public health.

5. All service cables associated with the proposed development (such as

electrical, communal television, telephone and public lighting cables) shall be run underground within the site. In this regard ducting shall be provided to facilitate the provision of broadband infrastructure within the development.

Reason: In the interest of orderly development and the visual amenities of the area.

6. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.

Reason: To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan of the area

7. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company or other security to secure the provision and satisfactory completion of roads, footpaths, water mains, drains, open space and other services required in connection with the development coupled with an agreement empowering the planning authority to apply such security or part thereof to the satisfactory completion of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

Reason: To ensure the satisfactory completion of the development.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting the development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the scheme at the time of payment. Details of the application of the terms of the scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to the Board to determine the proper application of the terms of the Scheme.
- Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
