ABP-313964-22

At a meeting held on 18/07/2022, the Board considered the report of the Inspector, and the documents and submissions on file generally, in respect of the proposed development, consisting of the re-development of the existing Maynooth 220kV / 110kv electrical substation, in the townlands of Taghadoe and Windgates, County Kildare.

The Board decided that the proposed development, as set out in the plans and particulars received by An Bord Pleanála on the 1st day of July 2022, does not fall within the scope of section 182A of the Planning and Development Act 2000, as amended, and that a planning application should be made in the first instance to the relevant planning authority.
