ABP-313988-22

The submissions on this file and the Inspector's report were considered at a Board meeting held on 22/09/2023.

The Board decided to refuse permission, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

It is considered that the proposed development, which would result in an intensification of use of an existing domestic entrance which accesses directly onto the National Secondary Road, N67, at a point where the speed limit of 80 km/h applies, would endanger public safety by reason of a traffic hazard and the additional and conflicting traffic movements generated by the development would interfere with the safety and free flow of traffic on the public road.
