ABP-314003-22

At a meeting held on 25/08/2022, the Board considered the report of the Inspector, and the documents and submissions on file generally, in relation to the proposed development, consisting of a Open Cycle Gas Turbine, with a maximum electricity power output of 297MW, and ancillary connection infrastructure at the ESB Aghada Power Station, County Cork.

The Board decided that the proposed development, as set out in the plans and particulars received by An Bord Pleanála on the 8th day of July 2022, does not fall within the scope of section 37A or section 182A of the Planning and Development Act 2000, as amended, and that a planning application should be made in the first instance to the planning authority.
