At a meeting held on 07/10/2026, the Commission considered the documents and submissions on file, including the written record of the consultation meetings and the report of the Inspector.

The Commission determined, generally in accordance with the inspector, that the proposed development would exceed the threshold set out in the Seventh Schedule of the Planning and Development Act 2000, as amended, and therefore satisfies Section 37A (1) of the Act. It can also be concluded that the development is of strategic importance and meets the requirements of Section 37A(2)(a) and Section 37A(2)(b) of the Act.

The Commission agreed to close the consultation.
