The submissions on this file and the Inspector's report were considered at a Board meeting held on 14/11/2023.

The Board, by a majority decision 2:1, decided to grant permission, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

In deciding not to accept the Inspector's recommendation to refuse permission, the Board considered that the applicant complies with national, regional and local guidelines as well as Policy IU 44 of the Louth County Development Plan and has sufficiently demonstrated justification for the mast on the subject site.

The Board considered the subject site to be suitable, if not desirable, for the construction of the proposed development.

Conditions

Conditions 1 to 9 inclusive as per Planning Authority's notification of decision to grant dated 15th of September 2022.
