The submissions on this file and the Inspector's report were considered at a Board meeting held on 18/12/2023.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the National Planning Framework, the Mayo County Development Plan 2022 – 2028, the Castlebar and Environs Development Plan 2008 – 2014, and the planning history of the site, it is considered that, subject to conditions, the proposed redevelopment of the site to provide shops and offices would, under the town centre zoning, be permissible in principle. The resulting building would be of an appropriate density for its town centre location and, subject to several elevational amendments, it would be compatible with the visual and residential amenities of the area. The omission of off-street parking would be appropriate. Cycle stands should, however, be provided. No water or appropriate assessment issues would arise. The proposal would thus accord with the proper planning and sustainable development of the area.

Conditions:

1.	The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with
