ABP-315994-23

The submissions on this file and the Inspector's report were considered at a Board meeting held on 06/08/2024.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the provisions of the Cork County Development Plan 2022 – 2028 Volume 5 (West Cork) and Section 1.5 which refers to Kinsale, and in particular the 'Town Centre/Neighbourhood Centres' zoning objective and the provisions of Objective KS-T-02 which seeks to facilitate the development of the subject lands to provide town centre uses where schemes relate positively to the street, create active frontages, avoid blank facades and development creates a high quality public realm, to reflect the "gateway" nature of the site, and the relevant provisions of the Retail Planning Guidelines for Planning Authorities and having regard to the pattern of existing development in the area and the design, scale and layout of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not be detrimental to the character and amenities of the area would not seriously injure the residential amenities of the area and would be acceptable in terms of pedestrian and traffic safety. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted on the 27th day of October 2022 and the 13th day of January 2023, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details (including samples) of the materials, colours and textures of all the external finishes to the proposed development, shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interests of visual amenity.

3. Final details regarding the design and construction of the earth retaining boundary wall, as referenced in the report from Downes Associates dated 6th day of October 2022, shall be submitted for the written agreement of the planning authority, prior to the commencement of development.

Reason: to protect the amenities of properties in the vicinity and in the interest of orderly development

4. The internal road network serving the proposed development, including turning bays, junctions, parking areas, footpaths and kerbs shall comply with the requirements of the planning authority and in all respects with the standards set out in the Design Manual for Urban Roads and Streets (DMURS).

Reason: In the interests of pedestrian and traffic safety.

5. The site shall be landscaped (and earthworks carried out) in accordance with the detailed comprehensive scheme of landscaping, which accompanied the application submitted, unless otherwise agreed in writing with, the planning authority prior to commencement of development.

Reason: To ensure a satisfactory completion and maintenance of the development in the interests of residential amenity

6. Prior to the commencement of development on site, the Japanese Knotweed shall be removed from the site in accordance with the Invasive Alien Species Management Plan submitted to the planning authority on the 13th day of January 2023.

Reason: In the interest of the control of invasive species.

7. No additional signage, advertising structures/advertisements, security shutters, or other projecting elements, including flagpoles, shall be erected within the site unless authorised by a further grant of planning permission.

Reason: In order to protect the visual amenities of the area.

8. a) The Aldi discount foodstore shall not be open to the public outside the hours 0800 to 2200. Deliveries shall not take place before the hour of 0700 Monday to Saturday inclusive, nor before the hour of 0800 on Sundays and public holidays, nor after 2200hrs on any day. Deviation from these times will only be allowed where the prior written approval has been received from the planning authority.

b) Hours of operation for the additional retail building (health food shop) and youth café to be agreed in writing with the planning authority prior to commencement of operation.

Reason: In the interests of amenity.

9. No additional development shall take place above roof parapet level, including lift motor enclosures, air handling equipment, storage tanks, ducts or other external plant, solar panels, telecommunication aerials, antennas or equipment, unless agreed in writing with the planning authority.

Reason: To protect the residential amenities of property in the vicinity and the visual amenities of the area.

10. During the operational phase of the proposed development the noise level shall not exceed (a) 55 dB(A) rated sound level between the hours of 0700 to 2300, and (b) 45 dB(A) 15min and 60 dB LAfmax, 15min at all other times , (corrected for a tonal or impulsive component) as measured at the nearest dwelling. Procedures for the purpose of determining compliance with this limit shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: To protect the residential amenities of property in the vicinity of the site

11. Public lighting shall be provided in accordance with a scheme, which shall include lighting along pedestrian routes details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development/installation of lighting.

Reason: In the interests of amenity and public safety.

12. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

Reason: In the interests of visual amenity.

13. Water supply and drainage arrangements, including the disposal of surface water from the site, shall be in accordance with the detailed requirements of the planning authority.

Reason: In the interests of public health.

14. The developer shall enter into water and wastewater connection agreements with Uisce Éireann, prior to commencement of development.

Reason: In the interest of public health.

15. The developer shall facilitate the archaeological appraisal of the site and shall provide for the preservation, recording and protection of archaeological materials or features which may exist within the site. In this regard, the developer shall:
- (a) notify the planning authority in writing at least four weeks prior to the commencement of any site operation (including hydrological and geotechnical investigations) relating to the proposed development, and
 - (b) employ a suitably-qualified archaeologist prior to the commencement of development. The archaeologist shall assess the site and monitor all site development works. The assessment shall address the following issues:
 - (i) the nature and location of archaeological material on the site, and
 - (ii) the impact of the proposed development on such archaeological material. A report, containing the results of the assessment, shall be submitted to the planning authority and, arising from this assessment, the developer shall agree in writing with the planning authority details regarding any further archaeological requirements (including, if necessary, archaeological excavation) prior to commencement of construction works.

In default of agreement on any of these requirements, the matter shall be referred to An Bord Pleanála for determination.

Reason: In order to conserve the archaeological heritage of the area and to secure the preservation (in-situ or by record) and protection of any archaeological remains that may exist within the site.

16. Construction and demolition waste shall be managed in accordance with a construction waste and demolition management plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall be prepared in accordance with the "Best Practice Guidelines on the Preparation of Waste Management Plans for Construction and Demolition Projects", published by the Department of the Environment, Heritage and Local Government in July 2006. The plan

shall include details of waste to be generated during site clearance and construction phases, and details of the methods and locations to be employed for the prevention, minimisation, recovery and disposal of this material in accordance with the provision of the Waste Management Plan for the Region in which the site is situated.

Reason: In the interest of sustainable waste management.

17. The construction of development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the Planning Authority prior to commencement of development. The plan shall provide a demolition management plan, together with details of intended construction practice for the development, including a detailed traffic management plan, and noise management measures.

Reason: In the interests of public safety and residential amenity.

18. A plan containing details for the management of waste (and, in particular, recyclable materials) within the development, including the provision of facilities for the storage, separation and collection of the waste and, in particular, recyclable materials shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, the waste shall be managed in accordance with the agreed plan.

Reason: To provide for the appropriate management of waste and, in particular recyclable materials, in the interest of protecting the environment.

19. Site development and building works shall be carried out only between the hours of 0700 and 1900 from Mondays to Fridays inclusive, between 0800 and 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the amenities of property in the vicinity.

20. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
