The submissions on this file and the Inspector's report were considered at a Board meeting held on 15/02/2024.

The Board decided to refuse the licence application, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

Having regard to the location of the proposed development on a grass verge adjacent a public road and the proximity of the telecommunications cabinets and street pole to the existing roundabout, the Board is not satisfied that the proposed development at this location would not endanger public safety by reason of a traffic hazard. The proposed development would therefore be contrary to the proper planning and sustainable development of the area.
