The submissions on this file and the Inspector's report were considered at a Board meeting held on 27/03/2024.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the location and context of the site and surrounding area, and the nature and scale of the proposed dwelling, it is considered that, subject to conditions, the proposed development would not seriously injure the character, residential amenities, or visual amenities of the area and would not give rise to the creation a traffic hazard. It is considered that the proposal is consistent with the ZO 01 Sustainable Residential Neighbourhoods land use zoning objective for the area, would be consistent with the relevant policies and objectives of the Cork City Development Plan 2022-2028, and would, therefore, be consistent with the proper planning and sustainable development of the area.
