ABP-316348-23**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 15/08/2023.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the policies and objectives as set out in the Dun Laoghaire-Rathdown County Development Plan 2022-2028, to the scale and nature of the proposed development and to the nature and character of the surrounding environment, it is considered that subject to compliance with the conditions set out below, the proposed development would be an acceptable form of development at this location and would not seriously injure the amenities of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

### **Conditions**

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement

of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. The proposed development shall be amended as follows: -
  - (a) The window to the proposed walk-in wardrobe on the western elevation shall be fitted with obscure glazing.
  - (b) The new window to the bathroom on the southern elevation shall be fitted with obscure glazing.

Revised drawings showing compliance with these requirements shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of the residential and visual amenity of the area and of traffic safety and convenience.

3. Notwithstanding the exempted development provisions of the Planning and Development Regulations, 2001, and any statutory provision amending or replacing them, the use of the proposed development shall be restricted to a single dwelling house (as specified in the lodged documentation), unless otherwise authorised by a prior grant of planning permission.

**Reason:** In the interest of protection of residential amenity.

4. Details of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of visual amenity.

5. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to the commencement of development. This plan shall provide details of intended construction practice for the development, including hours of working, noise management measures and off-site disposal of construction/demolition waste.

**Reason:** In the interests of public safety and residential amenity.

6. Drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services. Details of drainage arrangements including SUDs measures shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of public health.
