ABP-317360-23

The submissions on this file and the Inspector's reports were considered at a Board meeting held on 07/06/24 and 11/11/2024.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the provisions of the Galway County Development Plan 2022-2028, and to the siting, scale and design of the proposed development, it is considered that, subject to compliance with the conditions set out below, the development would not seriously injure the residential or visual amenities of the area or of property in the vicinity, would not adversely affect the character or setting of St. Cleran's Estate, would not be prejudicial to public health, and would not constitute an unacceptable risk in terms of traffic safety. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

1.0 Conditions

1.	<p>The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted to the Planning Authority on the 24th of April 2023 and to An Bord Pleanála on the 16th of July 2024, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the Planning Authority, the developer shall agree such details with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.</p> <p>Reason: In the interest of clarity.</p>
2.	<p>(a) The proposed dwelling, when completed, shall be first occupied as a place of permanent residence by the applicant, members of the applicant's immediate family or their heirs, and shall remain so occupied for a period of at least seven years thereafter [unless consent is granted by the Planning Authority for its occupation by other persons who belong to the same category of housing need as the applicant]. Prior to commencement of development, the applicant shall enter into a written agreement with the Planning Authority under section 47 of the Planning and Development Act, 2000 to this effect.</p> <p>(b) Within two months of the occupation of the proposed dwelling, the applicant shall submit to the Planning Authority a written statement of confirmation of the first occupation of the dwelling in accordance with paragraph (a) and the date of such occupation.</p> <p>This condition shall not affect the sale of the dwelling by a mortgagee in possession or the occupation of the dwelling by any person deriving title from such a sale.</p> <p>Reason: To ensure that the proposed house is used to meet the applicant's stated housing needs and that development in this rural area is appropriately restricted [to meeting essential local need] in the interest of the proper planning and sustainable development of the area.</p>

3.	<p>Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the detailed requirements of the Planning Authority for such works and services.</p> <p>Reason: In the interest of public health.</p>
4.	<p>(a) The proposed effluent treatment and disposal system shall be located, constructed and maintained in accordance with the details submitted to the Planning Authority on the 9th December 2022, and as revised in the submission to An Bord Pleanála on the 16th of July 2024, and in accordance with the requirements of the document entitled "Code of Practice – Domestic Waste Water Treatment Systems (p.e. ≤ 10)" – Environmental Protection Agency, 2021. Arrangements in relation to the ongoing maintenance of the system shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.</p> <p>(b) Within three months of the first occupation of the dwelling, the developer shall submit a report from a suitably qualified person with professional indemnity insurance certifying that the proprietary effluent treatment system has been installed and commissioned in accordance with the approved details and is working in a satisfactory manner in accordance with the standards set out in the EPA document.</p> <p>Reason: In the interest of public health.</p>
5.	<p>The external finishes to the proposed development shall be as indicated on <i>Drawing no. PL(02)01</i>, unless otherwise agreed with the Planning Authority prior to commencement of development. In default of agreement the matter(s) in dispute shall be referred to An Bord Pleanála for determination.</p> <p>Reason: In the interest of visual amenity.</p>
6.	<p>The landscaping scheme shown on <i>Drawing No. PL(01)01</i>, as submitted to the Planning Authority on the 24th day of April, 2023 shall be carried out within the first planting season following substantial completion of external construction works. All planting shall be adequately protected from damage until established. Any plants which die, are removed or become seriously damaged or diseased, within a period of five years from the completion of</p>

	<p>the development shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed in writing with the Planning Authority.</p> <p>Reason: In the interest of visual amenity.</p>
7.	<p>All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.</p> <p>Reason: In the interests of visual and residential amenity.</p>
8.	<p>Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.</p> <p>Reason: In order to safeguard the residential amenities of property in the vicinity.</p>
9.	<p>The developer shall pay to the Planning Authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the Planning Authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the Planning Authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.</p>

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
