The submissions on this file and the Inspector's report were considered at a Board meeting held on 16/01/2025.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

#### **Reasons and Considerations**

Having regard to the location of the subject site within Donadea Wood PNHA, to the nature and limited scale of the proposed development, to the provisions of the Kildare County Development Plan 2023 – 2029, and having regard to the totality of the documentation on file, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area or of property in the vicinity, would be acceptable in terms of traffic safety and convenience, and would not adversely impact on the cultural assets or ecology of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area. The Board was satisfied that a grant of permission for the proposed development would be consistent with national climate ambitions and with the relevant provisions of the Climate Action Plan 2024.
