The submissions on this file and the Inspector's report were considered at a Board meeting held on 05/03/2025.

The Board decided to refuse permission, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

It is considered that the proposed development would be premature by reference to the existing deficiencies in the Kilkishen wastewater treatment plant to which connection is proposed and the period within which this constraint may reasonably be expected to cease. The proposed development would, therefore, be prejudicial to public health and would be contrary to the proper planning and sustainable development of the area
