Re: Amending Commission Order

S146A of the Planning and Development Act, 2000, as amended

The submissions on this file were considered at a meeting held on 15/09/2026.

The Commission decided to exercise its powers under section 146A(1)(b) of the Planning and Development Act 2000, as amended, to amend its Order of 13th July 2026.

The Commission decided that it is appropriate to amend its Order dated 13th July 2026 in order to facilitate the permission where the amendment may reasonably be regarded as having been contemplated by either a particular provision of the permission or the terms of the permission/decision which were not expressly provided, *or* *al*.

It is considered that amendment of the Commission Order would not result in a material alteration of the terms of the development, the subject of the permission or decision and the Commission decided not to/to invite submissions in relation to the matter from any person who had made submissions or observations to the Commission in relation to the permission/other matter.

Accordingly the Commission hereby amends the above-mentioned decision by amending condition no. 12 in accordance with the provisions of section 146A(1) of the Planning and Development Act, 2000, as amended, as follows:

1. The noise levels generated during the operation of the quarry shall not exceed 55 dB(A) Leq, 1hr when measured at the nearest noise sensitive receptors during permitted operating hours and shall not exceed 45 dB (a) leq 15 mins at any other time. When measuring the specific noise, the time shall be any one-hour period during which the sound emission from the quarry is at its maximum level.

Reason: In order to protect the residential amenities of property in the vicinity.

Planning

Commissioner:

A handwritten signature in blue ink, appearing to read 'Mick Long', is written over a horizontal line.

Mick Long
