The submissions on this file and the Inspector's report were considered at a Board meeting held on 14/11/2024.

The Board decided by a majority of two to one to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the location and character of the site and surrounding area in a serviced urban area together with the provisions of the Dún Laoghaire-Rathdown County Development Plan 2022-2028 including Policy Objective PHP19 and the 'A' zoning objective for the area, it is considered that, subject to compliance with the conditions set out below, the scale and nature of the development is acceptable. The development complies with local design guidance and does not seriously injure the visual or residential amenity of the area. The development is, therefore, in accordance with the proper planning and sustainable development of the area.

Conditions

1.	The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing
