The submissions on this file and the Inspector's report were considered at a Board meeting held on 20/11/2024.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the information submitted with the planning application and the appeal, and the nature and scale of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would comply with the zoning objective for the site and the policies with respect to residential extensions, as set out in the Dun Laoghaire-Rathdown County Development Plan 2022-2028 and the provisions of the Sustainable Residential Development and Compact Settlements guidelines, would not seriously injure the visual or residential amenities of the area, and would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The proposed development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars received by the planning authority on the 18th day of June, 2024, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the proposed development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details, including samples, of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

3. The existing dwelling and proposed extension shall be jointly occupied as a single residential unit and the extension shall not be sold, let or otherwise transferred or conveyed, save as part of the dwellinghouse.

Reason: To restrict the use of the extension in the interest of residential amenity.

4. Surface water drainage arrangements shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

5. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays, inclusive, between 0800 and 1400 hours on Saturdays and not at all on Sundays or public holidays. Deviation

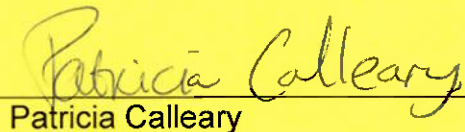

from these times shall only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: To safeguard the residential amenities of adjoining property in the vicinity.

6. The developer shall ensure that the site is appropriately maintained, and that the public road remains free of any dirt and debris during the construction phase of development.

Reason: In the interest of proper planning and orderly development.
