Date: 02/12/2025

DRAFT WORDING FOR ORDER

Reasons and Considerations

Having regard to the nature and scale of the proposed development, the pattern of development in the area, to the zoning of the site as Town Centre, and objectives BMSP 1 and BMSP 2 in the Galway County Development Plan 2022-2028 incorporating the Bearna Metropolitan Plan 2022 - 2028, the siting and design of the proposed development, the Site Specific Flood Risk Assessment, and the conclusion of the Appropriate Assessment Screening, which was undertaken by the Commission, it is considered that the proposed development would be acceptable on

this serviced, infill site, would not seriously injure the character of the area or the amenities of property in the vicinity, would be at low risk of flooding and would not present a flood risk to adjoining lands, would not have a significant adverse impact on the environment or on any European site, and would be acceptable in terms of traffic and pedestrian safety. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

- 2 (a) The glazing to all bathroom and en-suite windows shall be manufactured opaque or frosted glass and shall be permanently maintained. The application of film to the surface of clear glass is not acceptable.
(b) The first floor office window on the west elevation shall be omitted and replaced with a window on the rear elevation. A revised drawing showing compliance with this requirement shall be submitted to the planning authority for agreement prior to the commencement of development.

Reason: In the interest of residential amenity.

3. Details of the materials, colours and textures of all the external finishes to the proposed dwelling, hard and soft landscaping, and boundary treatments, shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity and to ensure an appropriate high standard of development.

4. Prior to the commencement of development, the developer shall enter into a Connection Agreement with Uisce Eireann to provide for a service connection to the public water supply and/or wastewater collection network.
Reason: In the interest of public health and to ensure adequate water/wastewater facilities.
5. The attenuation and disposal of surface water shall comply with the requirements of the planning authority for such works and services. Prior to the commencement of development, the developer shall submit details for the attenuation and disposal of surface water from the site for the written agreement of the planning authority.
Reason: In the interest of public health.
6. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Friday inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.
Reason: In order to safeguard the residential amenities of property in the vicinity.
7. Prior to commencement of works, the developer shall submit to, and agree in writing with the planning authority, a Construction Management Plan, which shall be adhered to during construction. This plan shall provide details of intended construction practice for the development, including noise and dust management measures and offsite disposal of construction/demolition waste.
Reason: In the interest of public safety and amenity.
8. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.
Reason: In the interest of visual and residential amenity.

9. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Coimisiún Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
