The submissions on this file and the Inspector's report were considered at a Board meeting held on 25/03/2025.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the nature and scale of the proposed development within an established agricultural farmyard, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the visual amenity of the area, would be acceptable in terms of public health and environmental sustainability and would be supported by the relevant provisions of the Tipperary County Development Plan 2022-2028, including Strategic Objective SO-6 (to support a sustainable, diverse and resilient rural economy). The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be retained and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the

developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The proposed development shall be designed, sited, constructed and operated in accordance with the requirements as outlined in the European Union (Good Agricultural Practice for Protection of Waters) (Amendment) Regulations, 2022, as amended. The applicant shall provide for the relevant (location dependent) storage requirements as outlined in schedule 3 of the aforementioned regulations. The removal of organic waste material and its spreading on land by the applicant or third parties shall be undertaken in accordance with the systems of regulatory control implemented by the competent authorities in relation to national regulations pursuant to Council Directive 91/676/EEC (the Nitrates Directive) concerning the protection of waters against pollution caused by nitrates from agricultural sources.

Reason: In the interest of environmental protection.

3. All oxidisable surfaces shall be painted in a colour to match the existing farm buildings on site, and it shall be maintained as such.

Reason: In the interests of visual amenity.

4. All uncontaminated roof water from buildings and clean yard water shall be separately collected and discharged in a sealed system to existing drains, watercourses or to appropriately sized soakaways. Uncontaminated waters shall not be allowed to discharge to soiled water and/or slurry tanks or to the public road.

Reason: In order to ensure that the capacity of soiled water tanks are reserved for their specific purposes.

5. The developer shall pay to the planning authority a financial contribution of in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
