**BD-019100-25**  
**ABP-321288-24**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 05/03/2025.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the provisions of the Waterford City and County Development Plan 2022-2028, to the 'Regeneration' land use zoning of the site that allows residential land use, to the 'City Metropolitan Area' designation of Waterford, to the nature of the proposed development and to the pattern of development in the surrounds, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area or the amenities of property in the vicinity and would constitute an acceptable form of development at this location. The proposed development, would, therefore, be in accordance with the proper planning and sustainable development of the area.

### **Conditions**

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further information submitted on the 27<sup>th</sup> day of September 2024, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. Details of the materials, colours and textures of all the external finishes to the proposed development, shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of visual amenity.

3. The site including the areas of open space shown on the approved plans shall be landscaped in accordance with a landscape scheme which shall be submitted to, and agreed in writing with, the planning authority prior to the commencement of development. The landscape scheme shall be implemented fully in the first planting season following completion of the development, and any trees or shrubs which die or are removed within three years of planting shall be replaced in the first planting season thereafter. This work shall be completed before any of the dwellings are made available for occupation.

**Reason:** In order to ensure the satisfactory development of the open space areas, and their continued use for this purpose.

4. (a) The developer shall engage a suitably qualified (licensed eligible) archaeologist to monitor (licensed under the National Monuments Acts) all site clearance works, topsoil stripping, groundworks associated with the

development. Prior to the commencement of such works, the archaeologist shall consult with and forward to the Local Authority archaeologist or the National Monument Service as appropriate a method statement for written agreement. The use of appropriate tools and/or machinery to ensure the preservation and recording of any surviving archaeological remains shall be necessary. Should archaeological remains be identified during the course of archaeological monitoring, all works shall cease in the area of archaeological interest pending a decision of the planning authority, in consultation with the National Monuments Service, regarding appropriate mitigation.

- (b) The developer shall facilitate the archaeologist in recording any remains identified. Any further archaeological mitigation requirements specified by the planning authority, following consultation with the National Monuments Service, shall be complied with by the developer.
- (c) Following the completion of all archaeological work on site and any necessary post-excavation specialist analysis, the planning authority and the National Monuments Service shall be furnished with a final archaeological report describing the results of the monitoring and any subsequent required archaeological investigative work/excavation required. All resulting and associated archaeological costs shall be borne by the developer.

**Reason:** To ensure the continued preservation either in situ or by record of places, caves, sites, features or other objects of archaeological interest.

- 5. The access from the public road and internal road and vehicular circulation network serving the proposed development, including turning bays, parking areas, footpaths and kerbs shall be in accordance with the detailed construction standards of the planning authority for such works and design standards

outlined in the Design Manual for Urban Streets manual. In default of agreement the matter(s) in dispute shall be referred to An Bord Pleanála for determination.

**Reason:** In the interests of amenity and of traffic and pedestrian safety.

6. A plan containing details for the management of waste within the development, including the provision of facilities for the storage, separation and collection of the waste and, in particular, recyclable materials and for the ongoing operation of these facilities for each unit shall be submitted to, and agreed in writing with, the planning authority not later than six months from the date of commencement of the development. Thereafter, the waste shall be managed in accordance with the agreed plan.

**Reason:** In the interest of residential amenity, and to ensure the provision of adequate refuse storage.

7. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

8. The developer shall enter into water supply and wastewater connection with Uisce Éireann, prior to commencement of development. A Confirmation of Feasibility for connection to the Irish Water network shall be submitted to the planning authority prior to the commencement of development.

**Reason:** In the interest of public health.

9. Public lighting shall be provided in accordance with a final scheme to reflect the indicative details in the submitted Public Lighting Report, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development/installation of lighting. Such lighting shall be provided prior to the making available for occupation of any residential unit.

**Reason:** In the interests of amenity and public safety.

10. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

**Reason:** In the interests of visual and residential amenity.

11. Proposals for an estate/street name, house numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all estate and street signs, and house numbers, shall be provided in accordance with the agreed scheme. The proposed name(s) shall be based on local historical or topographical features, or other alternatives acceptable to the planning authority. No advertisements/marketing signage relating to the name(s) of the development shall be erected until the developer has obtained the planning authority's written agreement to the proposed name(s).

**Reason:** In the interest of urban legibility and to ensure the use of locally appropriate placenames for new residential areas.

12. The management and maintenance of the proposed development following its completion shall be the responsibility of a legally constituted management company, or by the local authority in the event of the development being taken in charge. Detailed proposals in this regard shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** To ensure the satisfactory completion and maintenance of this development.

13. The construction of the development shall be managed in accordance with a Construction Environment Management Plan, which shall be submitted to,

and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of the intended construction practice for the proposed development, including measures for the protection of existing residential development, traffic management during the construction phase, noise and dust management measures and off-site disposal of construction/demolition waste.

**Reason:** In the interests of public safety and residential amenity.

14. Construction and demolition waste shall be managed in accordance with a final construction waste and demolition management plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall be prepared in accordance with the “Best Practice Guidelines on the Preparation of Waste Management Plans for Construction and Demolition Projects”, published by the Department of the Environment, Heritage and Local Government in July, 2006. The plan shall include details of waste to be generated during site clearance and construction phases, and details of the methods and locations to be employed for the prevention, minimisation, recovery and disposal of this material in accordance with the provision of the Waste Management Plan for the Region in which the site is situated.

**Reason:** In the interest of sustainable waste management.

15. Site development and building works shall be carried only out between the hours of 0800 to 1900 Mondays to Friday and between the hours of 0800 and 1400 hours on Saturday inclusive, and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In order to safeguard the residential amenities of property in the vicinity.

16. Prior to the commencement of the development, the developer shall submit to, and agree in writing with, the planning authority an assessment of the impact of noise on the proposed development and to provide details of any mitigation measures which may be proposed following this assessment. The assessment shall be carried out in line with the guidance, "ProPG: Planning & Noise Professional Practice Guidance on Planning and Noise: New Residential Development" dated May 2017.

**Reason:** Having regard to the site's location and in the interest of the proper planning and development of the area.

17. Prior to commencement of development, the developer or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.

**Reason:** To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan of the area.

18. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion and maintenance until taken in charge by the local authority of roads, footpaths, watermains, drains, public open space and other services required in connection with the development, coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion or maintenance of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

**Reason:** To ensure the satisfactory completion and maintenance of the development until taken in charge.

19. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
