DRAFT WORDING FOR ORDER

Reasons and Considerations

The proposed development, which would result in the intensification of use of a vehicular access onto the National Primary Road N56 at a point where a speed limit of 100 km/h applies, would endanger public safety by reason of traffic hazard, and the additional vehicular traffic generated by the proposed development would further contribute to conflicting traffic movements immediately adjacent to the vehicular access to the N56, which would interfere with the safety and free flow of traffic on the heavily trafficked national road.
