DRAFT WORDING FOR ORDER

Reasons and Considerations

Having regard to the nature of the proposed development for a first-floor extension to a house in an area zoned '*RE – Existing Residential*', the objective of which is 'To protect, provide and improve residential amenities of existing residential areas', it is considered that by virtue of the design, location and context, the proposed development would not seriously injure the amenities of the area or property in the vicinity, and would not be detrimental to the quality of the public realm. The proposed development would, therefore, be in accordance with the policies and objectives of

the Wicklow County Development Plan 2022-2028 and with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application on the 8th day of April 2025, as amended by the further plans and particulars submitted to the planning authority on the 13th day of June 2025, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

3. The site development work and construction works shall be carried out in such a manner as to ensure that the adjoining streets are kept clear of debris, soil and other material.

Reason: In the interests of orderly development and to ensure that the adjoining roadways are kept in a clean and safe condition.

Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

5. The proposed garage shall be for used for purposes ancillary to the residential dwelling only and shall not be used for habitable purposes.

Reason: In the interests of orderly development.

6. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer, or, in default of such agreement, the matter shall be referred to An Coimisiún Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
