The submissions on this file and the Inspector's report were considered at a meeting held on 21/09/2026.

The Commission determined that the prospective applicant be informed that the proposed development of a 110/33 kV transformer compound and 110kV under the fence cable connection to the existing Tren 110 kV station in the townland of Trienearagh, Co Kerry does not fall within the scope of section 182A of the Planning and Development Act 2000, as amended, and that a planning application should therefore be made directly to the planning authority in the first instance.

Planning

Commissioner:

Date: 21/09/2026

Mary Gurrie
