**Reasons and Considerations**

It is considered that it has not been shown that the development in respect of which a decision to grant permission has been made will differ materially from the

development as set out in the application for permission by reason of conditions imposed by the planning authority to which the grant is subject. The Commission considered that, details of the location of the wastewater treatment system were indicated in the drawings submitted as further information of the 22nd Day of August 2025. The conditions attached by the planning authority did not alter the provisions of the treatment plant as proposed.
