Draft Reasons and Considerations

Having regard to the provisions of Sligo County Development Plan 2024-2030, the location of the proposed development within the development limit of Rosses Point and in an existing residential area, the small scale nature of the proposal in the context of the appeal site and surrounding area, and the prevailing pattern and character of development in this area, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously

injure the residential or visual amenities of the area or of property in the vicinity would not endanger public safety by reason of a traffic hazard or impact on public health. The proposal would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interests of clarity.

2. Details of the materials, colours and textures of all the external finishes to the proposed extension shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

3. (a) The southern boundary hedgerow shall be maintained at a height no lower than 1.2 metres above the existing ground level of the rear garden and augmented with additional planting in accordance with a scheme which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

b) Any plants, trees or hedging which die, are removed or become seriously damaged or diseased shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed in writing with the planning authority.

Reason: In the interest of visual and residential amenity.

Reason: To restrict the use of the extension in the interest of residential amenity.

5. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

6. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

7. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Coimisiún Pleanála to determine the proper application of the terms of the Scheme.
