Memorandum
PA0045

To: SID section (Kieran Somers)
From: Conall Boland
Re: Further information and additional submissions
Date: 8th November 2017

I refer to my previous memorandum of 23rd October 2017 on file.

Having discussed the case with the Assistant Director of Planning, and subsequently with the Chairperson, it is considered appropriate for the Inspector to complete a further assessment/ recommendation on this case, once he has completed the summary of responses as outlined in the earlier memorandum.
