Board Direction

Ref: 06F.PC0152

At a meeting held on 10th May 2018, the Board considered the report of the Inspector (dated 18th April 2018) as well as the documents on file.

The Board determined that the proposed development is strategic infrastructure development, generally in accordance with the Inspector's reasoning and recommendation (With reference to the reasons and considerations of the Inspector's Report, the Board noted that the proposed development contributes to the fulfilment of objectives relating to wastewater and not waste management).

In relation to the schedule of prescribed bodies (Appendix 1), the following changes are recommended:

- Include Department of Agriculture, Food and the Marine
- Amend National Transport Agency to National Transport Authority
