Board Direction

Ref: 07.PC0227

At a meeting held on 5th May 2017, the Board considered the report of the inspector (dated 9th February 2017) and her Addendum report (dated 29th March 2017) as well as the documents and submissions on file.

The Board determined that the proposed development is strategic infrastructure development, generally in accordance with the Inspector's reasoning and recommendation.

List of prescribed bodies is considered generally acceptable (note update to DCENR title).
