

An Bord Pleanála

Board Direction

Ref: RL.3399

The submissions on this file and the Inspector's report were considered at a Board meeting held on 5th January 2016.

The Board decided to defer this case for consideration at a further Board meeting.

In particular the board required that the inspector check the internal dimensions of the building proposed to be retained, as allowing 400mm for each wall of the development, as suggested by the inspector in his report, would give an internal dimension of 3.8m x 9.51m which would give an aerial dimension of less than 40 M sq. As this is critical to the determination of the referral the board needs clarification on this matter
