Board Direction 15.RL3575

The submissions on this file were considered at a Board meeting held on July 6th 2017.

The Board noted that, notwithstanding the fact that the Planning Authority had indicated that a clerical error had been made in the text of its declaration, the requester had sought a full review of the declaration of the Planning Authority as a whole, unrelated to this error.

The Board decided that the file should be referred to the Inspectorate for the preparation of an Inspector's report and recommendation in the normal way.
