Board Direction
05.SH.0234 (LS0027)

The application for extension of time made under file reference LS0027 was given due consideration at a board meeting held on 1st June 2017, resulting in the following decision.

Grant an extension of the period for the making of an application for substitute consent for a further period of **10 weeks** from the 7th day of June, 2017.

Reasons and Considerations – as follows:

The Board noted the request made for an extension of the period for the making of the application for substitute consent in this instance, and taking into account the circumstances pertaining to this case, was of the opinion that an extension of 10 weeks would be reasonable and appropriate to enable completion of a remedial Environmental Impact Statement.
