The application for a further extension of time (received by ABP on 8th August 2017) was given due consideration, resulting in the following decision.

Grant an extension of the period for the making of an application for substitute consent for a period of **4 weeks** .

Reasons and Considerations – as follows:

The Board noted the request made for a further extension of the period for the making of the application for substitute consent in this instance, arising from the need to complete necessary ecological work. It is considered that an extension of 4 weeks would be reasonable and appropriate to enable completion of application documentation to the necessary standard.
