Subject: ABP-315797-23 Proposed Windfarm at Knockshanvo and adjacent townlands Co. Clare

Good Morning Sarah,

I refer to the above-mentioned case reference for a proposed Wind Farm Development and all associated works including grid connection at Knockshanvo and adjacent townlands, Co.Clare by the prospective applicant FuturEnergy Knockshanvo DAC. A Pre-application Consultation (ABP Case Number 315797-23) with the Board was undertaken on the 4th May 2023 under the provisions of Section 37B of the Planning and Development Act 2000 and the Board issued a copy of their written record of the first meeting on the 17th May 2023.

In response to the Board's written record of the first meeting, the prospective applicant would like to submit the following comments for consideration:

- Cover Page and Page 1 - The two potential grid connection routes are a Loop-in to the Ennis/Ardnacrusha 110kV Overhead line and an Underground connection to Ardnacrusha 110kV Substation. it is requested that the record is updated to reflect this.
- Page 3 – The applicant company is 'FuturEnergy Ireland', not 'FuturEnergy Limited', it is requested that the record is updated to reflect this.
- Page 6 – As well as issuing a newsletter in April 2023, the prospective applicant also issued a newsletter in November 2022, it is requested that the record is updated to reflect this.
- Page 9 – It is requested that the record is updated to state that the prospective applicant *is* FuturEnergy Knockshanvo DAC, not just stating what the applicants name is.

See attached MKO's Markup of the Boards Record of the first meeting for consideration.

Should you have any queries, please let me know.

Kind Regards,
Alan.
