Date: 04 June 2026

Re: Proposed development of Muingmore Wind Farm, consisting of 13 Wind Turbines and associated infrastructure within the townlands of Muingmore and Doolough, County Mayo.

Dear Sir / Madam,

I have been asked by An Coimisiún Pleanála to refer further to the above-mentioned pre-application consultation under section 37CC of the Planning and Development Act 2000, as amended.

The application has since been made to the Commission on the 22nd May 2026 (An Coimisiún Pleanála reference number: ACP- 324308-26), the Design Opinion file is now publicly available.

A copy of the documentation relating to the Commissions Design Option Opinion and Design Flexibility Request file is enclosed for your information including a copy of the written record of the pre-application consultation meetings between An Coimisiún Pleanála and the prospective applicant.

A copy of the file can be made available for public inspection at this stage and must be associated with the application file documentation. In this regard, please note that the Commission has directed the prospective applicant to include a statement in the public notices of any planning application indicating that the application will be made available for public inspection at the offices of the local authority (as well as the offices of the Commission) and on a standalone website. The Commission would therefore be obliged if you could make the necessary arrangements in this regard. Please note that the public will have the right to make submissions / observations on the application only to An Coimisiún Pleanála and within a time limit which will be specified in the public notices (copies of same will accompany the application documentation) and the public should be alerted to this fact when inspecting the file. It is the Commissions intention that all the application documentation will remain available for public inspection during the currency of the application.
