PLANNING AND DEVELOPMENT ACTS 2000 TO 2015

Dublin City

Planning Register Reference Number: 4021/15

An Bord Pleanála Reference Number: PL 29S.246150

APPEAL by Muireann and Colm O'Briain of 17 Charleville Road, Rathmines, Dublin against the decision made on the 15th day of January, 2016 by Dublin City Council to refuse permission in accordance with plans and particulars lodged with the said Council.

PROPOSED DEVELOPMENT: Demolition of two-storey extension to rear of existing dwelling and construction of a new two-storey extension to rear of existing dwelling at 17 Charleville Road, (Protected Structure), Rathmines, Dublin.

DECISION

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

MATTERS CONSIDERED

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

REASONS AND CONSIDERATIONS

Having regard to the residential/conservation Z2 land use zoning of the site, to the character of the area and to the design, nature and scale of the proposed extension, it is considered that, subject to compliance with the conditions set out below, the proposed development would not detract from the character of the Protected Structure and would not seriously injure the residential amenities of surrounding dwellings or the visual amenities of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

CONDITIONS

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars received by An Bord Pleanála on the 11th day of February, 2016, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The design of the proposed extension shall be amended so that the first floor side window of the extension shall be obscure glazed. Revised drawings showing compliance with this requirement shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual and residential amenity.

3. Details of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

4. The existing dwelling and proposed extension shall be jointly occupied as a single residential unit and the extension shall not be sold, let or otherwise transferred or conveyed, save as part of the dwelling.

Reason: To restrict the use of the extension in the interest of residential amenity.

5. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

6. Site development and building works shall be carried out only between the hours of 0700 to 1800 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

7. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.
