

An Bord Pleanála

PLANNING AND DEVELOPMENT ACTS 2000 TO 2015

Limerick City and County

Planning Register Reference Number: 15/645

An Bord Pleanála Reference Number: PL 91.246960

APPEAL by Willie Sexton care of MacMahon and Hardiman of 8 The Grove, Dooradoyle Road, Limerick and by Rachel Dickinson and others care of 11 The Elms, North Circular Road, Limerick against the decision made on the 22nd day of June, 2016 by Limerick City and County Council to grant subject to conditions a permission to Eoin Ryan (Statutory Receiver to Budelli Construction Limited) care of Healy Partners of The Mill, Glentworth Street, Limerick in accordance with plans and particulars lodged with the said Council.

PROPOSED DEVELOPMENT: (1) Change of use of the existing Ardhu House from commercial to residential use to provide four number apartments, removal of single storey extensions to the rear and side of Ardhu House, removal of a three-storey extension to the front of Ardhu House and all ancillary refurbishment and restoration works to the existing building, (2) change of use of an existing aparthotel building from commercial use to residential use to provide 61 number apartments, removal of a single-storey glazed link between the aparthotel building and Ardhu House, (4) vehicular access via existing entrances on Ennis Road and Roses Avenue, (5) surface level car park, (6) provision of internal roadways, (7) construction of nine number detached two-storey dwelling houses, driveways, entrances and access roadways, (8) connection to existing surface and foul sewers, and (9) all ancillary site development and boundary treatment works at Ardhu House and Aparthotel Site (formerly known as Clarion Suites), Ennis Road, Roses Avenue and North Circular Road, Limerick. Ardhu House is a protected structure (R.P.S. number 281) and is on the N.I.A.H. (number 21511001). The proposed development was revised by further public notices received by the planning authority on the 12th day of February and the 30th day of May, 2016.

DECISION

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

MATTERS CONSIDERED

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

REASONS AND CONSIDERATIONS

Having regard to the nature of development proposed, the planning history relating to the site, the pattern of development in the area and the provisions of the current development plan for the area, including the residential zoning objective for the site, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity, would not be prejudicial to public health, would be acceptable in terms of traffic safety and convenience and would not significantly impact on the character of Ardhu House, a protected structure. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

CONDITIONS

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted on the 29th day of January, 2016 and the 16th day of May, 2016, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2.
 - (a) A conservation expert shall be employed to manage, monitor and implement the works on the site and to ensure adequate protection of the retained and historic fabric during the works. In this regard, all permitted works shall be designed to cause minimum interference to the retained building and façades structure and/or fabric.
 - (b) All repair works to the protected structure shall be carried out in accordance with best conservation practice as detailed in the application and the Architectural Heritage Protection Guidelines for Planning Authorities issued by the Department of Arts, Heritage and the Gaeltacht in 2011. The repair works shall retain the maximum amount of surviving historic fabric in situ, including structural elements, plasterwork (plain and decorative) and joinery and shall be designed to cause minimum interference to the building structure and/or fabric. Items that have to be removed for repair shall be recorded prior to removal, catalogued and numbered to allow for authentic re-instatement.
 - (c) All existing original features, including interior and exterior fittings/features, joinery, plasterwork, features (including cornices and ceiling mouldings) staircases including balusters, handrail and skirting boards, shall be protected during the course of refurbishment.

Reason: To ensure that the integrity of the retained structures is maintained and that the structures are protected from unnecessary damage or loss of fabric.

3. A schedule of site visits by the Conservation Officer of the planning authority shall be agreed in writing with the planning authority prior to commencement of work on site. The Schedule shall provide for visits in advance of ground works commencing, when dismantling works commence, and thereafter on a regular basis to match significant states of the conservation elements of the project and handover of the project.

Reason: In the interest of architectural heritage.

4. Prior to commencement of any development on foot of this grant of permission, details of the phasing of the permitted development, including in relation to demolitions and conservation works, shall be submitted to and agreed in writing with the planning authority.

Reason: To regulate and control the development.

5. Details of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

6. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

7. The internal road network serving the proposed development, including turning bays, junctions, parking areas, footpaths and kerbs and access road to the service area shall be in accordance with the detailed standards of the planning authority for such works. Bicycle parking shall be provided in accordance with the detailed requirements of the planning authority.

Reason: In the interest of amenity and of traffic and pedestrian safety.

8. Public lighting shall be provided in accordance with a scheme, which shall include lighting along pedestrian routes through open spaces. Details in this regard shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Such lighting shall be provided prior to the making available for occupation of any house/apartment.

Reason: In the interest of amenity and public safety.

9. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development. All existing over ground cables shall be relocated underground as part of the site development works.

Reason: In the interest of visual and residential amenity.

10. All rear gardens shall be bounded with 1.8 metre high concrete block walls, suitably capped and rendered, on both sides, or by 1.8 metre high timber fences with concrete posts. Prior to commencement of development, details in this regard shall be submitted to and agreed in writing with the planning authority.

Reason: In the interest of residential and visual amenity.

11. Proposals for a development name and numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all estate and street signs, and house/apartment numbers, shall be provided in accordance with the agreed scheme. No advertisements/marketing signage relating to the names of the development shall be erected until the developer has obtained the planning authority's written agreement to the proposed names.

Reason: In the interest of urban legibility.

12. The management and maintenance of the proposed development, following completion, shall be the responsibility of a legally constituted management company, which shall be established by the developer. A management scheme, providing adequate measures for the future maintenance of the development; including the external fabric of the buildings, internal common areas, open spaces, landscaping, roads, paths, parking areas, public lighting, waste storage facilities and sanitary services, shall be submitted to and agreed in writing with the planning authority, before any of the residential or commercial units are made available for occupation.

Reason: To provide for the future maintenance of this [private] development in the interest of residential amenity and orderly development.

13. (a) Prior to commencement of development, all trees, groups of trees, hedging and shrubs which are to be retained shall be enclosed within stout fences not less than 1.5 metres in height. This protective fencing shall enclose an area covered by the crown spread of the branches, or at minimum a radius of two metres from the trunk of the tree or the centre of the shrub, and to a distance of two metres on each side of the hedge for its full length, and shall be maintained until the development has been completed.
- (b) No construction equipment, machinery or materials shall be brought onto the site for the purpose of the development until all the trees which are to be retained have been protected by this fencing. No work is shall be carried out within the area enclosed by the fencing and, in particular, there shall be no parking of vehicles, placing of site huts, storage compounds or topsoil heaps, storage of oil, chemicals or other substances, and no lighting of fires, over the root spread of any tree to be retained.

Reason: To protect trees and planting during the construction period in the interest of visual amenity.

14. Site development and building works shall be carried only out between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

15. Construction and demolition waste shall be managed in accordance with a construction waste and demolition management plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall be prepared in accordance with the “Best Practice Guidelines on the Preparation of Waste Management Plans for Construction and Demolition Projects”, published by the Department of the Environment, Heritage and Local Government in July 2006. The plan shall include details of waste to be generated during site clearance and construction phases, and details of the methods and locations to be employed for the prevention, minimisation, recovery and disposal of this material in accordance with the provision of the Waste Management Plan for the Limerick/Clare/Kerry Region.

Reason: In the interest of sustainable waste management.

16. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.

Reason: To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan of the area.

17. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company or such other security as may be accepted in writing by the planning authority, to secure the protection of the trees on site and to make good any damage caused during the construction period, coupled with an agreement empowering the planning authority to apply such security, or part thereof, to the satisfactory protection of any tree or trees on the site or the replacement of any such trees which die, are removed or become seriously damaged or diseased within a period of three years from the substantial completion of the development with others of similar size and species. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

Reason: To secure the protection of the trees on the site.

18. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion and maintenance until taken in charge by the local authority of roads, footpaths, watermains, drains, public open space and other services required in connection with the development, coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion or maintenance of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

Reason: To ensure the satisfactory completion and maintenance of the development until taken in charge.

19. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
