PLANNING AND DEVELOPMENT ACTS 2000 TO 2016

Cork County

Planning Register Reference Number: 16/05291

An Bord Pleanála Reference Number: PL 04.247500

APPEAL by Finbarr Galvin of “Saint Patrick’s”, Douglas Lawn, Douglas, County Cork and by Mary Hayes of “Clonish”, Douglas Lawn, Douglas, County Cork against the decision made on the 10th day of October, 2016 by Cork County Council to grant subject to conditions a permission to William and Anne Horgan care of Loic Dehaye Architects Limited of Unit 4, East Park House, Marina Commercial Park, Centre Park Road, Cork in accordance with plans and particulars lodged with the said Council.

PROPOSED DEVELOPMENT: Demolition of a two-storey building and construction of four number apartments, three number parallel car parking spaces and all associated site works at Ardagh House, Carrigaline Road, Douglas, Cork.

DECISION

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

MATTERS CONSIDERED

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

REASONS AND CONSIDERATIONS

Having regard to the objectives of the planning authority as set out in the current Development Plan for the area and the pattern of development in the area, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area, would not be prejudicial to public health, would be acceptable in terms of traffic safety and convenience and would, therefore, be in accordance with the proper planning and sustainable development of the area.

CONDITIONS

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted on the 16th day of September, 2016, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Prior to commencement of development, final details of the proposed treatment of the south-east elevation and specifically trellises and landscaping, shall be submitted to, and agreed in writing with, the planning authority.

Reason: In the interest of visual amenity.

3. Construction and demolition waste shall be managed in accordance with a construction waste and demolition management plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall be prepared in accordance with the "Best Practice Guidelines on the Preparation of Waste Management Plans for Construction and Demolition Projects", published by the Department of the Environment, Heritage and Local Government in July 2006. The plan shall include details of waste to be generated during demolition and site clearance and construction phases, and details of the methods and locations to be employed for the prevention, minimisation, recovery and disposal of this material in accordance with the provisions of the Waste Management Plan for the Region in which the site is situated.

Reason: In the interest of sustainable waste management.

4. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services. A suitably sized and sited grease interceptor trap to the specifications of the planning authority shall be installed either inside or on the sewer outlet from all cooking quarters.

Reason: In the interest of public health.

5. A plan containing details for the management of waste (and, in particular, recyclable materials) within the development, including the provision of facilities for the storage, separation and collection of the waste and, in particular, recyclable materials shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, the waste shall be managed in accordance with the agreed plan.

Reason: To provide for the appropriate management of waste and, in particular recyclable materials, in the interest of protecting the environment.

6. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development. All existing over ground cables shall be relocated underground as part of the site development works.

Reason: In the interests of visual and residential amenity.

7. Site development and building works shall be carried out only between the hours of 0700 and 1900 from Mondays to Fridays inclusive, between the hours of 0800 and 1600 on Saturdays and not at all on Sundays, Bank or Public Holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the amenities of property in the vicinity.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
