PLANNING AND DEVELOPMENT ACTS 2000 TO 2016

Sligo County

Planning Register Reference Number: PL 16/421

An Bord Pleanála Reference Number: PL 21.247908

APPEAL by Jennifer Flannery care of Shay Scanlon Architect of Kilmore, Kilcock, County Meath against the decision made on the 19th day of December, 2016 by Sligo County Council to refuse permission for the proposed development.

PROPOSED DEVELOPMENT: Alterations, extension and refurbishment of the existing single storey cottage, construction of an elevated extension to the rear, at first floor level, with attic gallery space over, elevated terrace space between the existing cottage and new extension, new vehicular access to rear, with parking area, along with all associated services, service connections, landscape and site development works at Rosses Point, County Sligo.

DECISION

GRANT permission for the above proposed development in accordance with the plans and particulars lodged with the said council, based on the reasons and considerations under and subject to the conditions set out below.

MATTERS CONSIDERED

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

REASONS AND CONSIDERATIONS

Having regard to the established pattern of development in the area and to the proposed retention of the cottage at the front of the site, it is considered that, subject to compliance with the conditions set out below, the proposed development would not detract from the character of the existing cottage or the streetscape, would not seriously injure the amenities of the area or of property in the vicinity and would be acceptable in terms of traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

CONDITIONS

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details of the external materials, finishes and colours of the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. The details shall provide for blue/black slates on the roof over the existing cottage and timber doors and timber sash windows on its front elevation.

Reason: To protect the architectural character of the village.

3. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

4. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including hours of working, noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

5. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
