**Board Order  
PL 26.247934**

---

**Planning and Development Acts 2000 to 2017**

**Planning Authority: Wexford County Council.**

**Planning Register Reference Number: 20160970.**

**Appeal** by Maurice Cronin and others care of Philip Comerford Architecture of 50 Charleville Close, Rathmines, Dublin against the decision made on the 6th day of January, 2017 by Wexford County Council to grant subject to conditions a permission to Liam Neville Construction Limited care of Raymund Kelly Architects of 80 South Main Street, Wexford in accordance with plans and particulars lodged with the said Council:

**Proposed Development:** Construction of 24 number fully serviced dwellinghouses and all associated site works, all at Crosstown, Ardavan, Wexford.

## **Decision**

**GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.**

## **Matters Considered**

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

## **Reasons and Considerations**

Having regard to the location of the site within the Masterplan Zone 2 Crosstown, as provided for in the Wexford Town and Environs Development Plan 2009 – 2015 (as extended), it is considered that the proposed development, subject to compliance with the conditions set out below, would be in compliance with the zoning objective for the lands, would be in keeping with the emerging density and character of the area, would not give rise to a risk of flooding; and would be acceptable in terms of traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

## **Conditions**

1. The proposed development shall be carried out and completed in accordance with the plans and particulars lodged with the application as amended by the further plans and particulars submitted on the 9<sup>th</sup> day of December, 2016, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to the commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. The boundary along the entire western side of the site shall be formed by a two-metre high concrete block wall, suitably capped and rendered on both sides.

**Reason:** In the interest of residential amenity.

3. All rear gardens shall be bounded by block walls, 1.8 metres in height, capped, and rendered, on both sides, to the written satisfaction of the planning authority.

**Reason:** In the interest of residential and visual amenity.

4. All front gardens shall be bounded by concrete block walls, 600 millimetres in height, suitably capped/finished to complement the external finish of the houses.

**Reason:** In the interest of residential amenity.

5. All roof slates/tiles shall be black, blue/black or grey in colour.

**Reason:** In the interest of visual amenity.

6. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

7. The internal road network serving the proposed development, including turning bays, junctions, parking areas, footpaths and kerbs, shall comply with the detailed standards of the planning authority for such road works.

**Reason:** In the interests of amenity and of traffic and pedestrian safety.

8. Public lighting shall be provided in accordance with a scheme, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Such lighting shall be provided prior to the making available for occupation of any house.

**Reason:** In the interests of amenity and public safety.

9. All service cables associated with the proposed development, such as electrical, telecommunications and communal television, shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

**Reason:** In the interests of visual and residential amenity.

10. The development shall be carried out on a phased basis, in accordance with a phasing scheme which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of any development.

**Reason:** To ensure the timely provision of services, for the benefit of the occupants of the proposed dwellings.

11. Proposals for an estate/street name, house numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all estate and street signs, and house numbers, shall be provided in accordance with the agreed scheme. No advertisements/marketing signage relating to the name of the development shall be erected until the developer has obtained the planning authority's written agreement to the proposed name.

**Reason:** In the interest of urban legibility.

12. The areas of public open space shown on the lodged plans shall be reserved for such use. These areas shall be levelled, contoured, soiled, seeded, and landscaped in accordance with the landscaping scheme submitted to the planning authority on the 9th day of December, 2016. This work shall be completed before any of the dwellings are made available for occupation and shall be maintained as public open space by the developer until taken in charge by the local authority.

**Reason:** In order to ensure the satisfactory development of the public open space areas, and their continued use for this purpose.

13. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.

**Reason:** To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan of the area.

14. The development hereby permitted shall be carried out and completed at least to the construction standards set out in the planning authority's Taking in Charge Policy. Following completion, the development shall be maintained by the developer, in compliance with these standards, until taken in charge by the planning authority.

**Reason:** To ensure that the development is carried out and completed to an acceptable standard of construction.

15. The construction of the development shall be managed in accordance with a Construction Management Plan which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including hours of working, noise management measures and off-site disposal of construction/demolition waste.

**Reason:** In the interest of public safety and residential amenity.

16. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion and maintenance until taken in charge by the local authority of roads, footpaths, watermains, drains, public open space and other services required in connection with the development, coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion or maintenance of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

**Reason:** To ensure the satisfactory completion and maintenance of the development until taken in charge.

17. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
