

Planning and Development Acts 2000 to 2017

Planning Authority: Roscommon County Council

Planning Register Reference Number: PD/16/489

Appeal by David and Tommy Doran of Ardsallagh Beg, Roscommon against the decision made on the 15th day of February, 2017 by Roscommon County Council to grant subject to conditions a permission to John Reilly of Aughmaree, Kiltreevan, County Roscommon in accordance with plans and particulars lodged with the said Council.

Proposed Development: Proposed revisions involving the erection of 14 number single storey dwelling houses in lieu of 20 number two storey semi-detached houses as approved under planning register reference number 11/259 on sites numbers 21-28 inclusive, 33-40 inclusive and 41-44 inclusive. The proposed alterations do not involve any alteration to internal road network, or to services provision as previously approved under planning register reference number PD 11/259, all at Oldwood, Ardsallaghbeg, Athlone Road, Roscommon.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the planning history of the site and in particular the live permission planning register reference number PD/16/489 and to the classification of the site as an unfinished estate, the Board considered that, subject to compliance with the conditions as set out below, the proposed development would not seriously injure the residential or visual amenities of the area and would be in accordance with the policies of the planning authority and with Ministerial Guidelines and therefore, would, be in accordance with the proper planning and sustainable development of the area,

In deciding not to accept the Inspector's recommendation to refuse permission, the Board had regard to the extant permission on the site and the nature of the proposed amendments sought and concurred with the planning authority that the amendments would not alter the scheme in any other way save the substitution of house types and that the principle for the development was already established.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details of the materials, colours and textures of all the external finishes and boundary treatments to the proposed dwellings shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

3. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

4. Public lighting shall be provided in accordance with a scheme, which shall include lighting open spaces, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Such lighting shall be provided prior to the making available for occupation of any house.

Reason: In the interest of amenity and public safety.

5. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development. All existing over ground cables shall be relocated underground as part of the site development works.

Reason: In the interests of visual and residential amenity.

6. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including hours of working, noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

7. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.

Reason: To comply with the requirements of Part V of the Planning and Development Act, 2000, as amended, and of the housing strategy in the development plan of the area.

8. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion and maintenance until taken in charge by the local authority of roads, footpaths, watermains, drains, public open space and other services required in connection with the development, coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion or maintenance of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be determined by An Bord Pleanála.

Reason: To ensure the satisfactory completion of the development and maintenance of the development until taken in charge.

9. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.
