Planning and Development Acts 2000 to 2017

Planning Authority: Wicklow County Council

Planning Register Reference Number: 17/360

Appeal by Robert and Nicola Downey care of Deely Chartered Engineers of 139 Rockford Park, Blackrock, County Dublin against the decision made on the 26th day of May, 2017 by Wicklow County Council to grant subject to conditions a permission to David Moore of 59 Blacklion Manor, Greystones, County Wicklow in accordance with plans and particulars lodged with the said Council:

Proposed Development: Construction of single storey extension to the rear of the property along with the conversion of the existing attic space including the introduction of a new dormer roof space to the rear portion of the existing roof and the erection of a new timber clad shed in the existing side laneway, all at 59 Blacklion Manor, Greystones, County Wicklow.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the residential zoning objective for the area, to the pattern of development in the area and to the nature and scale of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would be acceptable having regard to its design, would not seriously injure the visual or residential amenities of the area and would not contravene the policies or provisions of the current development plan for the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted to the planning authority on the 15th day of May, 2017, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The proposed dormer feature and attic accommodation shall be omitted. Revised drawings showing compliance with this condition shall be submitted to and agreed in writing with the planning authority prior to commencement of development.

Reason: In the interests of visual and residential amenity.

3. Site development and building works shall be carried out only between the hours of 0700 to 1800 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

4. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
