Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the site history, the zoning objectives for the area, the established use, and the pattern of development in the area, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity, would be acceptable in terms of traffic impact and would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted on the 5th day of May 2017, the 16th day of May, 2017 and the 19th day of May 2017, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Reason: In the interests of clarity.

3. The proposed meat processing unit shall only operate between the hours of 08.30 and 18.00 Mondays to Fridays inclusive, between 09.00 and 13.00 hours on Saturdays and not at all on Sundays and public holidays.

4. All goods, including raw materials, manufactured goods, packaging, crates etc. and all meat waste shall be stored only within the enclosed building.

Reason: In the interest of visual and residential amenity.

5. Prior to the commencement of development, proposals shall be submitted to, and agreed in writing with, the planning authority, for the control of odour and fumes from the site. The proposals shall include elevations and details of the proposed extraction fans on the building.

Reason: In the interests of public health and to protect the residential amenities of property in the vicinity of the site.

6. The noise level shall not exceed 55 dB(A) rated sound level, as measured at the nearest noise sensitive location. Procedures for the purpose of determining compliance with this limit shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.
