Planning and Development Acts 2000 to 2017

Planning Authority: Dún Laoghaire-Rathdown County Council

Planning Register Reference Number: D17A/0454

Appeal by JCon Construction Limited care of Vincent J.P. Farry and Company Limited of Suite 180, 28 South Frederick Street, Dublin against the decision made on the 12th day of July, 2017 by Dún Laoghaire-Rathdown County Council to refuse permission for the proposed development.

Proposed Development: Demolition of single storey gate lodge, new relocated vehicular and pedestrian entrances and construction of two number three-storey three bedroom houses with integral garages and one number three-storey four bedroom house all in one three-storey block and all associated site works, at Sherrington Lodge, Dublin Road, Shankill, County Dublin.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the provisions of the Dún Laoghaire-Rathdown County Development Plan 2016-2022, to the pattern of development in the area and to the nature, form, scale and design of the proposed houses, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the visual or residential amenities of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services. These shall include that all surface water generated within the site boundaries shall be collected and disposed of within the curtilage of the site. No surface water from roofs, paved areas or otherwise shall discharge onto the public road or to adjoining properties. Prior to commencement of development, the developer shall submit to and agree in writing with the planning authority details of proposed surface water disposal arrangements.

Reason: In the interest of public health and to ensure a proper standard of development.

3. The site and building works required to implement the development shall be carried out only between the hours of 0800 to 1800 Monday to Fridays, between 0800 to 1400 hours on Saturdays and not at all on Sundays and Public Holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of adjoining property in the vicinity.

4. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including measures to prevent and mitigate the spillage or deposit of debris, soil or other material on the adjoining public road network, noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

5. The site shall be landscaped in accordance with a comprehensive scheme of landscaping, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This scheme shall include the following:

- (a) A plan to scale of not less than 1:500 showing –
 - (i) The species, variety, number, size and locations of all proposed trees and shrubs which shall comprise predominantly native species such as mountain ash, birch, willow, sycamore, pine, oak, hawthorn, holly, hazel, beech or alder.
 - (ii) Details of screen planting which shall not include cupressocyparis x leylandii along the eastern and western boundaries.
 - (iii) Hard landscaping works including specification of surfacing materials.
- (b) Specifications for mounding, levelling, cultivation and other operations associated with plant and grass establishment.
- (c) A timescale for implementation.

All planting shall be adequately protected from damage until established. Any plants which die, are removed or become seriously damaged or diseased, within a period of five years from the completion of the development, shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed in writing with the planning authority.

Reason: In the interest of residential and visual amenity.

6. (a) An accurate tree survey of the site, which shall be carried out by an arborist or landscape architect, shall be submitted to the planning authority prior to commencement of development. The survey shall show the location of each tree on the site, together with the species, height, girth, crown spread and condition of each tree, distinguishing between those which it is proposed to be felled and those which it is proposed to be retained.
- (b) Measures for the protection of those trees which it is proposed to be retained shall be submitted to, and agreed in writing with, the planning authority before any trees are felled.

Reason: To facilitate the identification and subsequent protection of trees to be retained on the site, in the interest of visual amenity.

7. Details of the materials, colours and textures of all the external finishes to the proposed dwellings shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

8. All public service cables for the development, including electrical and telecommunications cables, shall be located underground throughout the site.

Reason: In the interest of visual amenity.

9. The footpath in front of the proposed new vehicular entrance shall be dished at the road junction in accordance with the requirements of the planning authority and at the developers expense.

Reason: In the interest of pedestrian safety.
