PLANNING AND DEVELOPMENT ACTS 2000 TO 2017

South Dublin County Council

Planning Register Reference Number: SD17B/0341

An Bord Pleanála Reference Number: ABP-300567-18

Appeal by Dermot and Susan Brophy of 30 Westbury Drive, Lucan, County Dublin against the decision made on the 28th day of November, 2017 by South Dublin County Council to grant subject to conditions a permission to Oliver Mahon care of SSA Architects of 42 Haddington Road, Dublin in accordance with plans and particulars lodged with the said Council.

Proposed Development: A two-storey pitched-roof extension (64 square metres) to the rear (northeast) of the existing semi-detached dwelling together with internal modifications and associated works at 32 Westbury Drive, Lucan, County Dublin. The new extension to the dwelling will maintain the internal accommodation of four bedrooms.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the provisions of the South Dublin County Development Plan 2016-2022, and the nature, scale and orientation of the extension proposed, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The proposed development shall be amended as follows:
 - (a) the proposed single storey rear extension shall project no more than six metres from the existing rear playroom (proposed study) wall; and
 - (b) the proposed single storey rear extension shall have a maximum height of 3.5 metres.

Revised drawings showing compliance with these requirements shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interests of residential amenity.

3. Details of the materials, colours and textures of all the external finishes to the proposed extension shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

4. The existing dwelling and proposed extension shall be jointly occupied as a single residential unit and the extension shall not be sold, let or otherwise transferred or conveyed, save as part of the dwelling.

Reason: To restrict the use of the extension in the interest of residential amenity.

5. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

6. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

7. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefitting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
