

Planning and Development Acts 2000 to 2018

Planning Authority: Galway County Council

Planning Register Reference Number: 18/1152

Appeal by Michael P. Henry of 3 Dreasla, Barna, Galway against the decision made on the 5th day of October, 2018 by Galway County Council to grant subject to conditions a permission to M. Walsh care of Sean Dockry and Associates of 2nd Floor, Corbett House, Shoemaker Lane, Edward Square, Galway in accordance with plans and particulars lodged with the said Council:

Proposed Development: Construction of a one to two-storey dwelling with connection to the public sewer (as approved 15/1204) and associated site development works including road and new boundary walls at Knockaunnacarragh, County Galway.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

The site is located in an area zoned for low density residential development in the Galway County Development Plan 2015-2021, as varied. It is considered that the proposed development would be in accordance with this zoning, would not detract from the residential amenities of adjoining properties or the amenities of the wider area and, subject to compliance with the conditions set out below, would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application except as may otherwise be required in order to comply with the conditions set out below. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

3. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

Reason: In the interests of visual and residential amenity.

4. Details of the materials, colours and textures of all the external finishes to the proposed dwelling and associated boundary treatment shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

5. Site development and building works shall be carried out only between the hours of 0800 and 1900 Mondays to Fridays inclusive, between 0800 and 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

6. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Chris McGarry
Member of An Bord Pleanála
duly authorised to authenticate
the seal of the Board.

Dated this day of 2019.
