**Planning and Development Acts 2000 to 2018**

**Planning Authority: Meath County Council**

**Planning Register Reference Number: AA/181034**

**APPEAL** by Linda Reilly care of Michael Halligan Planning Consultants of Seapoint House, Balbriggan, County Dublin against the decision made on the 24<sup>th</sup> day of October, 2018 by Meath County Council to refuse permission for the proposed development.

**Proposed Development:** A split level dwelling, single storey to front with storey and a half rear element, domestic garage, septic tank with percolation area, vehicular entrance and all associated site works at Stadalt, Stamullen, County Meath.

**Decision**

**REFUSE** permission for the above proposed development in accordance with the reasons and considerations set out below.

## **Matters Considered**

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

## **Reasons and Considerations**

Having regard to the location of the site within an area under strong urban influence as identified in the “Sustainable Rural Housing Guidelines for Planning Authorities” issued by the Department of the Environment, Heritage and Local Government in April, 2005, wherein it is policy to distinguish between urban-generated and rural generated housing need, and having regard to National Policy Objective 19 of the National Planning Framework, adopted by the Government, in relation to rural areas under urban influence, such as in the current case, which states that it is policy to “facilitate the provision of single housing in the countryside based on the core consideration of demonstrable economic or social need to live in a rural area...having regard to the viability of smaller towns and rural settlements”, and by reference to the rural housing provisions of the Meath County Development Plan 2013-2019, it is considered that the applicant has not demonstrated that she comes within the scope of the housing need criteria as set out in the Guidelines and has not demonstrated an economic or social need to live in this rural area in accordance with national policy, and with the provisions of the Meath County Development Plan 2013-2019. Furthermore, the Board is not satisfied that the applicant’s housing needs could not be satisfactorily met in an established smaller town or village/settlement centre. The proposed development, in the absence of any definable or demonstrable based need for a house in this rural area, would contribute to the encroachment of random rural development in the area and would militate against the preservation of the rural environment and the efficient provision of public services and

infrastructure. Accordingly, the proposed development would be contrary to the Meath County Development Plan 2013-2019, would be contrary to the provisions of the 2005 Guidelines and would also be contrary to National Policy Objective 19 of the National Planning Framework. Therefore, the proposed development would be contrary to the proper planning and sustainable development of the area.
